

I have been the Treasurer for Cornwall Pride since commencement to date.

My Accountancy Practice has been trading for some 24 years as of the 8th April 2011 and we strive to give a personal door to door service to small businesses throughout South Devon and Cornwall. We pride ourselves in the service we give our clients and have enjoyed immensely our association with Cornwall Pride over the last four years and hope the relationship will continue for the foreseeable future.

I am 45 years old, born at Penrice Hospital in St Austell, and lived all of my life in the St Austell area.

I currently have six members of staff, and two sub contractors working for my Firm. I am continuing to expand in the County and are in the process of purchasing an Accountancy Practice in Camborne and next year I hope to have a third Practice located in Liskeard.

I will be taking on an additional two members of staff to facilitate the coverage of the County. 99% of our appointments are made with our clients at their home or business place.

I entered a Civil Partnership with James Hunt on the 4th July 2009, to which my three children, ex-wife and her partner all attended together with a large member of the Pride Committee and their respective partners, together with family and friends.

I enjoy going to the gym, swimming and obviously Saturday nights at Bar Q-Dos in Truro.
